

Morning Starters: Autumn 2 - Mountain Mammals

Word Challenge

List some hyphenated adjectives that could describe a yak.

e.g. sure-footed, mountain-dwelling, ...

Grammar Challenge

Click text to edit

Complete the sentence below with a second independent clause that links closely to the first.

The yaks stampeded through the mountain pass; ...

Clip Description

Meet the mighty yaks. Built for the high life, yaks have larger lungs and hearts than cattle, making them more efficient at pumping oxygen through their blood. Farmers, traders and adventurers use this mammal's great strength to carry heavy loads through steep mountain passes.

Number Challenge

The weight of goods carried by 4 different yaks are shown below.

What was the mean average weight carried?

Yak	Yak 2	Yak 3
98 kg	104 kg	238 kg

Critical Thinking

Is it sometimes, always or never OK for humans to put animals (like yaks, donkeys and camels) to work?
