

Morning Starters: Autumn 2 - Evolving & Adapting

Word Challenge

The antonym (opposite) of dark is light.

Write the antonyms of the words on this page that are underlined.

Grammar Challenge

Click text to edit 

Rewrite the sentence below using the passive voice.

The catfish navigated the cave's passageways with remarkable precision.

Clip Description

Meet the blind cave fish, who live in total darkness. In such a dark environment, these remarkable fish have evolved over multiple generations to become lighter in colour and lose their eyesight (with some losing their eyes completely as they no longer have the need for sight).

Credit: BBC One - Africa

Number Challenge

A = 1, B = 2, C = 3, ... , etc.

What is the total value of the word 'ADAPT'?

Critical Thinking

Some fish have the ability to walk on land.

What special adaptations do you think these fish have?

Record in words or draw your thoughts.
