

Morning Starters: Spring 1 - Heart & Blood

Word Challenge

transplant

The suffix 'trans-' is derived from Latin, meaning 'across,' 'beyond,' or 'through.'

Compile a list of words that start with the suffix 'trans-.'

Grammar Challenge

Click text to edit 

Write a second sentence that follows on from the sentence below.

Max was overjoyed to receive his new heart.

Did You Know?

Max is a remarkable young boy, who needed a heart **transplant**. A heart transplant is a surgical procedure, where a diseased or failing heart is replaced with a healthy donor heart. This life-saving operation is typically performed when other treatments for heart conditions have not been successful, offering patients like Max a new chance at life.

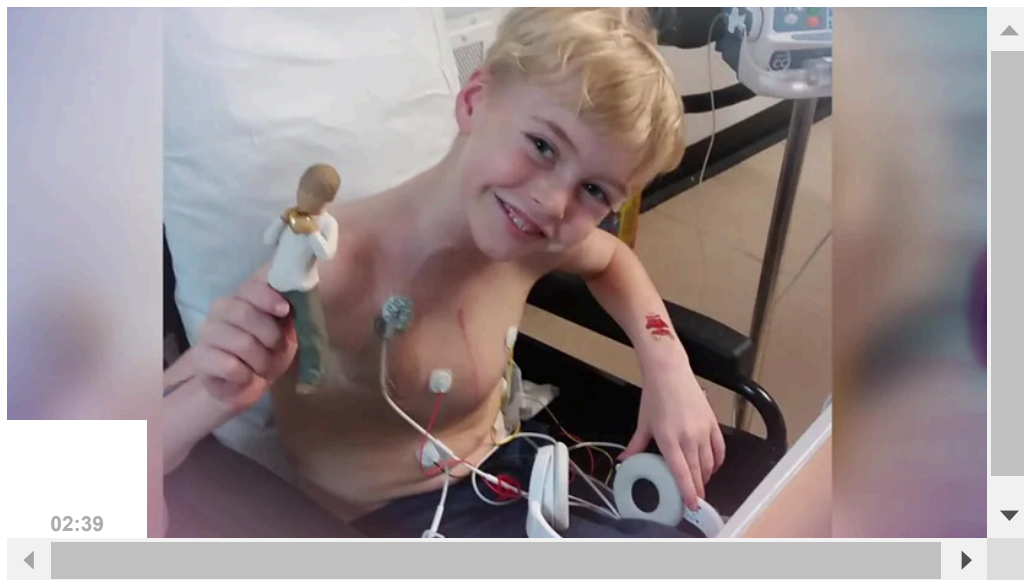

Number Challenge

- During an average lifetime, the human heart will beat more than 2.5 billion times.

How would you express 2.5 billion as an integer (whole number)?

Critical Thinking

How might receiving someone else's heart change how you feel or think?
