The following statement is the answer to a question. Write the question.

Some human activities are threatening the existence of the Nile's wildlife.

Did You Know?

The banks of the mighty River Nile teem with incredible wildlife such as the formidable hippopotamus (Africa's deadliest animal). Despite their seemingly docile appearance, these massive creatures are highly territorial and aggressive. Alongside them, crocodiles and waterbirds thrive, making the Nile's riverbanks a dynamic ecosystem that is brimming with life.
